

Neuro-Oncology Expanded Gene Panel with Rearrangement, Tumor

Test ID: NONCP

Explanation:

Due to a change of the chemistry reagent, NONCP: Neuro-Oncology Expanded Gene Panel with Rearrangement, Tumor will be delayed effective January 23, 2023. Specimens will be processed upon arrival, however this delay will add approximately 7 days to the estimated turnaround time.

Concurrently with this test delay, test changes to NONCP will be implemented to the DNA subpanel to align with current World Health Organization classification guidelines. Test change information will be forthcoming.

Additional notification will be sent when standard turnaround time resumes.
