

## Activated Protein C Resistance V, with Reflex to Factor V Leiden, Blood and Plasma

**Test ID:** APCRR

**Explanation:** On the effective date, a new result field will be added to the APCRR profile. Adding the new result field will provide a label for both required specimens (plasma and whole blood). The new result field will be resulted as "Whole Blood".

Current Profile Information			
Test ID	Reporting Name	Available Separately	Always Performed
APCRV	Activated Protein Resistance V, P	Yes	Yes

New Profile Information			
Test ID	Reporting Name	Available Separately	Always Performed
APCRV	Activated Protein Resistance V, P	Yes	Yes
SC018	Whole Blood	No	Yes

Current Result Codes	
Result ID	Reporting Name
APCR	APCRV Ratio
INT55	Interpretation

New Result Codes	
Result ID	Reporting Name
APCR	APCRV Ratio
INT55	Interpretation
SC018	Whole Blood
