

## Sulfonylurea Screen, Urine

**Test ID:** FSLFU

### **Explanation:**

Effective immediately, per notification received from Medtox Laboratory, Test ID FSLFU, is delayed due to instrument issues. Currently, there is no estimated time of resolving this delay. Specimens are stabilized and will be running on the base first come first out.

### **Specimen Stability Information:**

<b>Specimen Type</b>	<b>Temperature</b>	<b>Time</b>
Urine	Refrigerated (preferred)	14 days
	Ambient	72 hours
	Frozen	180 days
